Roof-A-Cide™ makes algae-stained roofs and premature replacement a thing of the past in Western Tennessee.

Dyersburg, TN - May 15, 2006 – Roof-A-Cide, the manufacturer of environmentally safe roof cleaning solutions and algae preventatives is making their products available throughout Western Tennessee through a recently established Authorized Roof-A-Cide™ Applicator – **Frazier Roofing & Sheet Metal (800/942-2843)**.

Roof-A-Cide™ is an EPA approved algaecide / fungicide specifically designed and approved for use on roof surfaces. Roof-A-Cide™ is safe to work with, safe for the roof, and safe for landscaping. Roof-A-Cide has Authorized Applicators in Arkansas, Florida, Georgia, Louisiana, New Jersey, North Carolina, South Carolina, Texas, and Tennessee.

For over 75 years Frazier Roofing & Sheet Metal Company has been providing quality roofing services throughout West Tennessee. Frazier Roofing & Sheet Metal was founded in 1930 by Clint Frazier and incorporated in 1957. The company's current president, Barry W. Frazier, is a third generation roofer and graduate of the University of Tennessee. Barry has served as a past president of the Tennessee Association of Roofing Contractors and uses his expertise and management skills to ensure each customer receives the highest quality roofing standards possible.

Frazier Roofing & Sheet Metal can be reached at 800/942-2843 for a fast, free estimate on cleaning and stain prevention for individual homes or whole communities, as well as all phases of roof installation and maintenance. Frazier Roofing & Sheet Metal can be found on the Internet at <http://www.frazierroofing.com/>

For additional information about Roof-A-Cide products or Applicator Opportunities, contact us at our Palm City office: 800/806-6727, or on the Internet by typing: www.Roof-A-Cide.com.
